Structure and delivery

**Year One:** commences with a full week in September and thereafter one or two days per week for the remainder of the academic year (depending on whether the course is being undertaken full-time or part-time).

**Year Two:** attendance at workshops throughout the academic year. A blended learning approach is utilised in the delivery of theoretical content which includes lectures, group discussions and self-directed learning. The assessment process is a combination of written and practical assignments. This course includes clinical and practice based learning and assessment and students may be required to attend additional sessions at associated service provider sites as well as at the student’s practice base.

Modules (ECTS are listed in brackets)

**Postgraduate Certificate in Dementia (Online)**
- NU7802 Ways of Understanding Dementia and Dementia Care (10)
- NU7803 Critical Issues in Assessment and Care Planning (10)
