Course Outline
The M. Sc. / P. Grad. Dip./P. Grad. Cert. in Specialist Nursing (Cardiovascular Care) is designed to provide the student with the appropriate level of knowledge, clinical expertise and technical skills necessary to function as a competent, effective and caring practitioner. There is a strong commitment to research-based practice, and a focus on the development and integration of theoretical knowledge and clinical experience.

Structure and Delivery
The course is offered on a two year part-time basis. This course includes clinical and practice based teaching, learning and assessment and students may be required to attend additional sessions at associated service provider sites as well as at the student’s practice base during year one of the course.

Year One: commences with a full week in September and thereafter one day per week for the remainder of the academic year.

Year Two: attendance at workshops throughout the academic year.

Modules
Year 1 Modules
Specialist
• NU7531 Introduction to the Nursing Management of a Cardiovascular Patient
