Bachelor in Science (Nursing)
Mental Health Nursing

Key Facts
- Duration of the course: 4 years
- Apply: www.cao.ie
- CAO Code: TR095 Mental Health Nursing - Level 8
- Awarding Body: The University of Dublin

Introduction to Mental Health Nursing:
Upon successful completion of this course, students will be awarded a B.Sc. (Cur.) Mental Health Nursing from the University of Dublin. They will also be eligible to apply for entry on the Psychiatric division of the Register maintained by the Nursing and Midwifery Board of Ireland (NMBI). Mental Health nurses are insightful, comforting, supportive individuals whose primary role is in developing relationships with people with varying degrees of emotional and psychological distress. Mental Health nurses work alongside other mental health care professionals such as psychiatrists, psychologists, occupational therapists and social workers. It is a challenging yet rewarding job requiring you to draw upon a variety of different skills to ease the burden of emotional and psychological distress.

Venues for learning:
- **Theory**: School of Nursing and Midwifery, D'Olier Street; Trinity Centre for Health Sciences, St James's Hospital; main campus of Trinity College.
- **Practice**: The linked Health Service Providers are HSE Dublin South, Kildare and Wicklow Psychiatric Nursing Services and St Patrick’s Mental Health Services and most practice placements will occur on these sites. Students become employees of one of the Health Service Providers during their internship in the final year of the course.

The application process:
All applications for this course must go through the Central Applications Office (CAO).

Career opportunities:
This course provides an excellent grounding in mental health nursing theory and practice and graduates will have a sound basis for both career development and further education. Mental Health nursing is a dynamic and challenging profession and graduates will be able to apply their skills in a range of settings nationally and internationally. There are many opportunities for career advancement and upgrading of knowledge and skills in a diverse range of settings and through a number of educational programmes.
